Composing is an amalgam of writing, reading and thinking, and it " often requires incorporating material from source texts - statistics, ideas, quotations, paraphrases, and so forth - into ...

Alan Hirvela, Connecting Reading and Writing in Second ...

In Connecting Reading and Writing in Second Language Instruction, Alan Hirvela contends that second language writing students should be considered as readers first and advocates the integration of reading and writing instruction with a survey of theory, research, and pedagogy in the subject area. Although the integrated reading-writing model has gained popularity in recent years, many teachers have little more than an intuitive sense of the connections between these skills. As part of the ...

Hirvela. (2004). Connecting Reading And Writing In Second ...

The improvement in the second writing task over the first writing task seems to be attributed to connecting reading and writing rather than the effects of the checklist. However, the checklist at least seems to help learners consider genre and integrate reading and writing processes efficiently. This research has various limitations and the following points need to be considered in ...

Effects of connecting reading and writing and a checklist ...

Students are thinking when they are connecting, which makes them more engaged in the reading experience. Students gain a deeper understanding of a text when they make authentic connections. However, teachers need to know how to show students how a text connects to their lives, another

text they have read, or the world around them.

Making Connections - ReadWriteThink

reading and writing was designed incorporating children’s literature into the curriculum. The author describes the course and discusses how children’s literature can be used to improve students’ linguistic, cognitive, and socio-emotional skills.

Connecting reading and writing using children’s literature ...

Academic writing often requires students to incorporate material from outside sources (like statistics, ideas, quotations, paraphrases) into their own written texts—a particular obstacle for students who lack strong reading skills.
